A WEALTH OF EXPERIENCE

The history of cruising isn't just anyone's – it's ours. When the legendary AUGUSTA VICTORIA set out on the world's first ever "pleasure cruise" on 22 January 1891, it was the beginning of a unique story in the history of cruises. Inspired by the passionate pioneering spirit of Albert Ballin, former chairman of HAPAG, our current fleet continues the story that began over 130 years ago. Since 1993, Hapag-Lloyd Cruises has specialised in gaining extensive expedition experience – something unique in the industry. It's precisely these years of experience and intensive planning that have made it possible to successfully master the most challenging of routes multiple times.

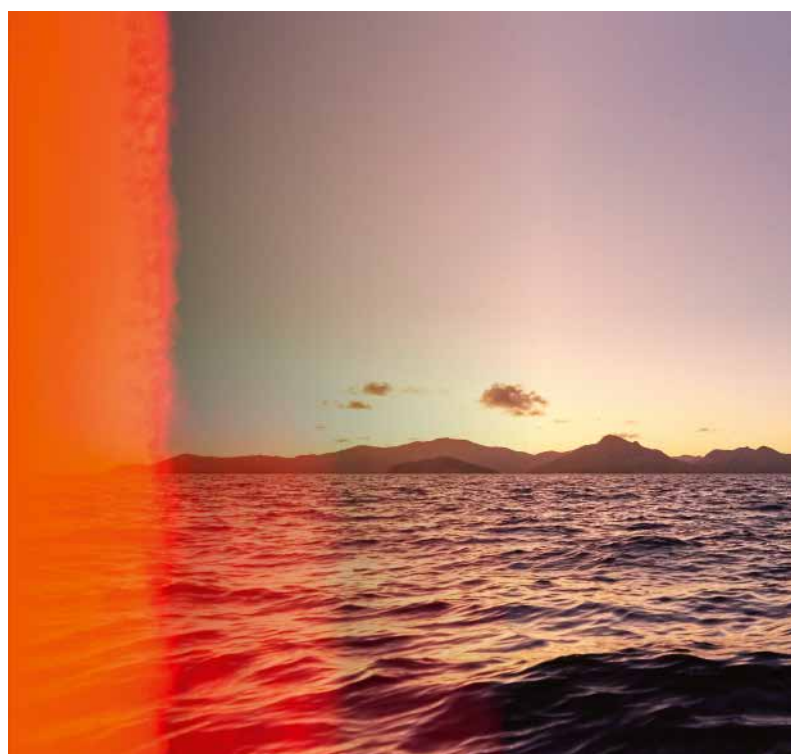

Augusta Victoria

THIS IS US TODAY

On a cruise with us, you experience every moment with particular intensity. Thanks to first-rate facilities, high-class service, unique destinations and an incomparable range of wellness, gastronomy and entertainment offers, every second on board becomes a lasting memory. No matter whether you discover a new kind of luxury on the EUROPA 2 or explore the wonders of the world on one of our expedition ships, your senses will be delighted.

EXPEDITION EXPERIENCE SINCE 1993

Why explore the world with us? Because we truly know how to do expeditions. Over 30 years of experience in particular allow us to plan, prepare and perform these highly complex journeys. What is planned for the long term nevertheless enables flexible responses to local conditions. The captain and crew check the route every day, not only in polar regions, and react to the weather and ice as best they can. And yet: no ship technology shows where polar bears wander or schools of whales curiously appear – this is where our instinct for the right moment and true passion for discovery come into play.

KNOW MORE, SEE MORE, EXPERIENCE MORE

Where even our small ships can travel no further, you will board the Zodiacs whenever possible. The robust motorised rubber boats take you to witness fantastic natural spectacles and breathtaking wildlife sightings, especially in the polar regions. After boarding via the side gate of the ships, specially trained drivers will navigate you to remote shores. Once ashore, your adventure continues: hikes with expedition guides will invigorate your body and mind. Whether Nordic Walking, easy trekking tours or snowshoeing – many active experiences await you.

FREEDOM THAT TAKES YOU PLACES

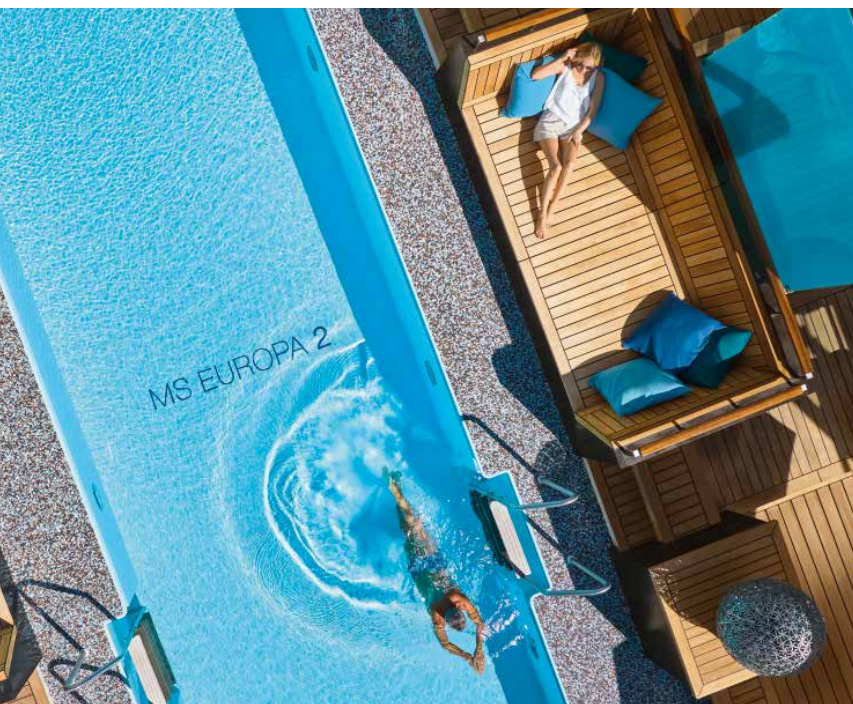

On board the EUROPA 2, your possibilities extend far beyond the horizon: enjoy the freedom that takes you places in all its facets in a small group of never more than 500 guests.
