LUXURY OCEAN VOYAGES
& EXPEDITIONS

That moment

When you throw your calendar to the wind and feel your world expand. When you open yourself up to discover the unexpected places life can take you. Those sparks that connect you. The kind of luxury that doesn't arrive in a box but in living out loud in the present. That moment when you realize everything will be the same when you return — except you. This is your moment. What will you do with it?

LIFE-EXPANDING MOMENTS

There are moments in life that affect you deeply, changing you forever. Like arriving at the rugged coast of South Georgia to find yourself among a colony of King penguins. Or experiencing a world of exotic spices at a bustling Turkish Bazaar guided by a professional chef. Or feeling the ocean breeze as you sip Champagne and sample caviar while standing in the crystal clear waters of the Caribbean. This is what a Seabourn Ocean voyage or Expedition does: it opens our eyes and hearts, inspiring us to lead the largest life possible.

MEANINGFUL CONNECTIONS

Enough with virtual connections. Making real connections is what gives life meaning. Like stealing away, just the two of you, to remember why you became “us.” Or dining whenever and with whom you like, as new friends become old friends overnight. All this as you sail the world, communing with nature and its exotic creatures in the most awe-inspiring locales and being served by a consummate team that seems to read your mind and anticipate every need. That’s connection on a whole new level.

UNEXPECTED DISCOVERY

When was your last “never before” experience? Prepare for a voyage filled with them; things you’ve never seen before, done before, tasted, or been so moved by before. Be submerged in a submarine made for six with world-class experts as your guide, explore the ancient ruins of Ephesus under the stars, or commune with kangaroos and dolphins and penguins; oh my! Aboard our smaller, more intimate ships, you’ll immerse in the nature, local culture and history of fascinating destinations and deepen your appreciation of the world’s wonders.

ACTIVE LUXURY

Luxury today isn't something you simply look at; it's something you experience. Imagine taking off in a kayak right from the back of the ship to transform a marina into your own private playground, complete with the best water toys. Or hiking through a cave that descends 35 meters below the surface to see the colors of nature's spectacular lava formations. Or travel to the earth's most remote, pristine destinations on new luxury expedition ships guided by a team of experts who design and equip every adventure. So you're confident stepping, hiking, or rowing out of your comfort zone to try something new.

SHARING THEIR KNOWLEDGE, SHARING YOUR VOYAGE

Your experienced 26-member Seabourn Expedition Team is a select group of academics, scientists, and general naturalists who share your passion for exploring and learning about the world's remote regions. They bring all their masterful scholarly accomplishments and their logistic skills to facilitate unparalleled experiences. On board, they provide expert insights into the biodiversity, ecosystems, physical science, history, and culture of the places you visit, both in formal *Seabourn Conversations*® presentations and casual discussions over meals or at leisure. They also guide your off-ship expedition to enhance and enrich your interaction and engagement with destinations.

ROBIN WEST,
VICE PRESIDENT & GENERAL
MANAGER, EXPEDITIONS

ROBIN WEST

Robin West is one of the most experienced and respected expedition leaders in the world. As Seabourn's Vice President and General Manager he selects our Expedition Leaders and team members to ensure you will benefit from their expertise in a variety of disciplines, as well as their passion for adventure and discovery. Originally from South Africa, Robin began his adventure travel career as a scuba instructor and dive tour operator. His zeal for adventure led him to expedition cruising, and over the past 18 years, he has joined a small group of elite expedition travel specialists who guide voyages to the farthest reaches of the world.

EXPEDITION EXPERIENCES

Seabourn Venture and her sister ship, Seabourn Pursuit, will offer inclusive expedition experiences, such as nature walks and hikes, snorkeling, scuba diving, and Zodiac® cruising. In addition, the ships will offer a wide range of included shore excursions at nearly every destination the ships visit. Guests will have ample opportunities to get the most from explorations of spectacular destinations on exhilarating sea-level adventures, from cruising picturesque fjords and waterways to exploring scenic islands, and viewing and learning about birds, seals, whales, and other wildlife. In addition to complimentary excursions, the ships will also offer optional shore excursions and optional expeditions with kayaking and two custom-built submarines at select destinations.

ZODIACS & KAYAKS

Zodiac boats are the workhorses of our expeditions. These amazing watercrafts revolutionized cruising to extraordinary destinations. They are our means for landing on trackless beaches, desert isles, and far-flung icy shores where no docks or other facilities exist. They are magic carpets that carry us on scenic passages up towering fjords, past breaching whales and stately icebergs, and on forays into jungle-draped channels bright with nesting birds. They deliver us to untouched coral reefs, bobbing patiently as we snorkel or dive to our heart's content. Our fleet of 24 Zodiacs can all gather beside the water-level shell doors on either side of Seabourn Venture and Seabourn Pursuit, allowing us the option to take all guests on a complimentary Zodiac tour at once.

Double sea kayaks glide silently along shorelines, moving with silken grace as we approach animals at eye level, finding them curious and unafraid. Noiseless kayaks allow us to enjoy the snaps of brash ice in a glacier's meltwater, the musical sound of a waterfall, and the ceaseless breath of breeze through old-growth forest. We can navigate tangled mangrove thickets teeming with life above and below the water, and slide over multicolored tropical coral gardens. Led by an expert member of our Expedition Team, these excursions offer an appealing option available for an additional charge.

SNORKEL & SCUBA GEAR

Snorkeling and scuba gear will open your eyes to the colorful underwater world in warm-water destinations. An array of masks, snorkels, and fins assures everyone a good fit. Expedition Team members can help beginners get started and show you the best snorkeling spots. Scuba divers with an advanced or higher qualification will have the complimentary opportunity to go diving in select locations around the world. All dives will be led by a qualified divemaster, and tanks and weight belts will be provided.

SUBMARINES

Two six-person submarines offer unique and unforgettable undersea experiences to Seabourn Venture and Seabourn Pursuit guests. Operated by experienced and licensed Expedition Team submarine pilots, these engineering marvels are capable of transporting guests beneath the surface, offering breathtaking views like surreal subsea realms beneath Antarctic waters, plunging underwater cliffs in fjords, or reef walls teeming with life in clear, tropical seas. These exceptionally rare experiences are available for an additional charge and are operated in select destinations.

DESIGNED AND EQUIPPED FOR DISCOVERY:

- Two transparent spheres with seating for three guests each
- Seating platforms swivel 280 degrees for easy viewing on all sides
- Capable of multiple dives a day to depths of up to 1,000 feet (300 m) at three knots
- Powerful exterior lights reveal full color range, highlighting a fascinating underwater world
- HD videocam systems record inside and outside action for later projection and souvenirs
- A six-function remote arm can be used to manipulate or retrieve objects outside the sub
