# Life on the river

A river cruise in Europe provides the most captivating passage through the history of this diverse continent. As you cruise along some of Europe's most iconic waterways, not only will you witness Mother Nature at her finest, but also engineering at its most impressive.

## What is a lock?

Europe's waterways are not just distinctive because of their history, their terrain can make navigation more challenging, which is why water locks – essentially an elevator with which ships can be raised or lowered to overcome the variations in water level – were designed.

The Main-Danube Canal itself boasts 16 locks, some as deep as 30 metres and reaching a height of over 406 metres.

## Navigating a lock

Our Star-Ships have been engineered with locks in mind, designed to fit perfectly with inches to spare. Your captain is trained for such manoeuvres, but sometimes water levels don't cooperate and, on occasions, this can lead to lock closures or difficulties passing under bridges when water levels are too high or too low. We always have a plan in place to handle navigation issues in a timely and efficient manner, with minimal disruption to your journey.

Emerald Radiance, Porto Bridge

Double-docking

## Bridges

Throughout the cruise, we will sail under many different styles of bridges. On such days, we may need to close the Sun Deck for the safety of our guests. Our crew will lower the railings and the captain's wheelhouse will be mechanically dropped to allow the Star-Ship safe navigation. But, with plentiful public spaces available throughout our Star-Ships, you'll always have somewhere to enjoy river views.

## Double-docking

River cruising takes you right into the heart of different destinations. In certain locations docking space may be limited and you may find that, overnight, your Star-Ship has docked next to another ship. This is all part of the river cruising experience and drawing your curtains at night is advised. You'll also get a glimpse of your neighbouring ship as you walk through to embark or disembark.

## River Cruise Cover

As with any other element of Mother Nature, rivers have personalities of their own. While we make every effort to plan our trips carefully, some days Mother Nature simply doesn't co-operate and your cruise may have a deviation due to low or high water levels or lock closures. At no extra cost, we have created our river cruise cover to give you peace-of-mind should your cruise be impacted. For more information **see page 122**.

## Our commitment to a sustainable future

# Douro River

A symbol of Portugal's birth and growth as a nation, the Douro has long been the country's lifeline. Leaving the pastel-coloured metropolis of Porto, venture through the enchanting countryside. Terraced vineyards rise from the river banks, historic landmarks pepper distant horizons and charming townships lay hidden in the rural hillsides. Salamanca is a delight to explore, and a visit to elegant Lamego introduces the Shrine of Our Lady of Remedies.

#### Day 3 Pinhão – Vega de Terrón

Begin your day with a visit to the beautiful Quinta do Tedo vineyard in the heart of Portugal's Douro Valley, nestled on the confluence of the Douro and Tedo rivers. This 18th-century estate is environmentally sound, creating organic produce by using traditional viticulture methods.

Alternatively, enjoy a guided walk through local vineyards, stopping along the way to admire your surroundings. Or, embark on a kayak excursion along the river, taking in the impressive views from the heart of the Douro Valley.

This afternoon, enjoy sailing to Vega de Terrón, perhaps relaxing on the Sun Deck.

Visit the market and taste the local produce, including cheese, olives and bread. Then proceed to the postcard-worthy galleries and arcades that adorn Plaza Mayor. # River cruise information

It's important to us that you feel completely informed before you travel, so we've answered a selection of our frequently asked questions, including anything from water levels and deck plans, to clothing advice and travel insurance.

If we've missed something, please visit [emeraldcruiises.ca/faq](http://emeraldcruiises.ca/faq) or call us on **855 444 0161** and we'll be happy to help. Or, if you think of something while you're on board, our friendly crew will always be on hand to assist, day or night.

## River Cruise Cover

Your Emerald Cruises river cruise automatically includes peace-of-mind River Cruise Cover. This may be enacted in the event of a deviation to compensate you for any changes to your itinerary.

Emerald Cruises is committed to open and transparent communication. Should information about potential issues be available prior to your departure, we will notify you and allow you to make an informed decision about your travel plans. Should the impact happen during your cruise, you will be notified by your Cruise Director on board that River Cruise Cover has been enacted. Once your cruise is complete, we will review the total number of days that were disrupted and provide you with a letter upon your return home with the amounts that can be claimed and details of the claims process.

We appreciate that you've invested a lot of time and funds for your holiday with us, so we want to ensure that we provide you with peace of mind when travelling with Emerald Cruises.

For more information on our River Cruise Cover visit [emeraldcruiises.ca/rivercover](http://emeraldcruiises.ca/rivercover)

## Helpful information

### Water levels

Cruise itineraries may be varied due to high or low water levels, flooding, lock closures, unscheduled vessel maintenance or for any other circumstances beyond our control. If we're unable to continue sailing certain rivers due to water level problems, we'll do everything we can to minimize the impact it has on your holiday and make alternative arrangements for the rest of the itinerary. This could mean arranging coach transfers, organising ship swaps, providing hotel accommodation or finding alternative attractions to visit - all of which are weather dependent.

### Sun Deck

The Sun Deck operational hours may be limited due to the passage through low bridges or other restrictions by local authorities. This may mean that the deck is completely closed for a period of sailing time on certain rivers.

### Double Docking

In popular ports we will on occasion be required to dock next to other ships, which may mean accessing the shore via the Sun Deck, requiring you to ascend and descend stairs, this will not prevent you leaving the ship or your ability to get on and off.

### Health & Vaccinations

Health facilities, hygiene and disease risks vary worldwide. To ensure your safety throughout your cruise, seek advice regarding your specific health requirements as early as possible. Further information can be found at [travel.gc.ca/travelling/health-safety/vaccines](http://travel.gc.ca/travelling/health-safety/vaccines). If you have any pre-existing medical conditions or mobility difficulties, you should inform us at the time of booking.

### Travel Insurance

We strongly advise you to take out adequate and appropriate travel insurance which includes cover against loss of deposit or cancellation fees. Please read your policy details carefully and take them with you on your cruise. It's your responsibility to ensure that the cover you purchase is suitable and adequate for your needs and the cost of the holiday.

### Mobility

Emerald Cruises welcomes disabled guests but wishes all guests to understand that limitations could exist on board and during shore excursions. The elevators on our ships service three out of four decks, with access to the Sun Deck only possible using stairs. Under appropriate circumstances guests are welcome to use collapsible wheelchairs on board. Many tours are conducted from coaches, so guests need to be able to climb up and down the stairs to board. Some shore excursions may require movement over cobblestones or up and down stairs; accordingly, guests with limited mobility will require the services of a responsible companion to be travelling with them, since crew availability is limited. If you have any medical, physical or other special needs, please contact our travel advisors for further information.

### On-board currency

On board your ship, any accounts can be paid in cash in Euros or by credit or debit card.

### Clothing

We recommend casual and comfortable clothing - for sightseeing and walking tours you'll need comfortable shoes. For the winter months, you'll need a warm coat, gloves and water-resistant footwear. Dinner is an informal affair; relaxed evening wear is perfect. On certain evenings such as the Welcome and Farewell Dinners, you might like to dress up.

### Wi-Fi

Wi-Fi connection availability and speed will vary depending on where the ship is positioned and the number of users, Wi-Fi can be slow to use and there may be occasions when no signal is available.

### Plug sockets and voltage

On-board electricity is 220v and a European plug adaptor will be needed to use electrical items. All rooms have a hair dryer.
