Life on the Rivers

Locked rivers

To make traversing these rivers accessible and seamless, water locks were added. A lock is essentially an elevator with which ships can be raised or lowered to overcome the water level disparities between different sections of the rivers. Europe's waterways are filled with locks and the Main-Danube Canal alone has 16 locks, some as high as 25 metres. The invention of the water locks is a true engineering marvel with Italian scientist and artist, Leonardo da Vinci, providing clever designs to perfect the process. Watching your Captain expertly manoeuvre your Space-Ship through these narrow locks is a treat.

A Scenic Sun Deck

B Ship locks are engineering marvels along Europe's rivers

C Our Captains are experts at navigating the historic waters

Constant state of flux

Our state-of-the-art Scenic Space-Ships are designed to convert easily to slide under bridges and cruise shallow waters. However, despite detailed planning, some days Mother Nature simply doesn't co-operate. High or low water levels lead to lock closures and difficulties passing under bridges. Our local offices in Europe monitor levels closely to handle all navigation issues in a timely and efficient manner to minimise disruptions.

Itinerary deviations

A deviation can be a minor inconvenience, a prolonged change or an extended disruption depending on the specific circumstances on the rivers at that time. These generally occur when a ship can't pass through or stop in a section of the river due to water levels, a closed lock or river obstruction.

As your 5-star floating hotel cruises through some of the most iconic waterways of Europe, not only will you witness Mother Nature at her best, but also human engineering at its finest.

What does an itinerary deviation look like?
How could it impact my trip and how might I be compensated?

<p>Minor Disruption</p>	<p>Coaches transfer guests from their original Space-Ship to a new one on the other side of the obstruction. These “ship swaps” are performed with the least impact possible with your Cruise Director accompanying you onto the new ship with all belongings. You will be accommodated in a suite of the same type and value; should this not be possible you will be compensated the difference in the value of the suites.</p>
<p>Prolonged Disruption</p>	<p>Coaches may be used to transfer guests to included sightseeing locations, while continuing to be accommodated on your Scenic Space-Ship. A prolonged disruption may also require the Space-Ships to continuously cruise without stopping for touring. Under Scenic’s River Cruise Cover you will be compensated between £50-£100 per person, per day of the disruption should we not be able to fulfill the sightseeing listed in the itinerary.</p>
<p>Extended/Major Disruption</p>	<p>Accommodation may need to be provided off-ship in hotels with all meals provided. To the best of our ability, we ensure hotels are of similar standard to your Space-Ship. Meals will be included, however, alcoholic drinks and amenities such as butler service, may or may not be included. Touring is by coach.</p> <p>As we understand this experience will not be the same as being on board the Space-Ship, under Scenic’s River Cruise Cover you will be compensated based on the suite category booked, between £150-£450 per person, per day for up to seven days. Alternatively, you will be entitled to a full refund for the remainder of the cruise should you choose to disembark and end your journey.</p>

OUR COMMITMENT TO A SUSTAINABLE FUTURE

Scenic's Cherish the Planet ethos is more than sustainability... it's a commitment to creating positive change, to sustainable practices and rich community partnerships. We aim to leave as small a footprint as possible.

We are committed to environmentally responsible tourism and protecting the places we visit. Our sustainability ethos, Cherish the Planet, was launched in accordance with the United Nations Sustainable Development Goals. Scenic vessels now use the lowest sulphur grade fuel where possible. We have created exceptional carbon-friendly experiences in incredible destinations. Scenic is proud of the positive associations we have formed with the communities we visit.

The provision of clean running water to the Chiro village in Kampong Cham Province Cambodia, the construction of sanitation blocks in Yandabo village along the Irrawaddy River; and the continued support of the Bread of Life Project aimed at reducing prejudice against Roma communities in Belgrade.

- B E-bikes, Vienna
- C Quinta Aveleda, Portugal

CHERISH THE PLANET

Scenic's sustainability ethos has six key focus areas.

1. Leave no waste print

We have been working to eliminate single use plastics, including drink bottles and plastic straws, and introducing plastic-free bathroom amenities for guests. We are constantly looking at new ways to lower our waste print.

2. Rebalancing of CO2 emissions

We have concentrated our efforts on minimising our impact, and support causes aligned with rebalancing our CO2 emissions, including exceptional carbon-friendly experiences, with hiking and e-biking through Europe's most idyllic regions now available on most itineraries.

3. Sourcing sustainably

As we meander through Europe, many of our exquisite dishes on board feature local produce. Wine from small vineyards along the Moselle, Rhine and Douro rivers. Local artisan cheese in Bordeaux, and fresh produce from farmer's markets. Our goal is to source sustainably every step of the way. From produce to packaging, recycling, and our choice of suppliers.

4. Growing with communities

We are proud of the positive associations we have built within communities around the world. Our European itineraries include Certified Cherish the Planet experiences that ensure local businesses benefit from our journeys. In rural Holland, experience the family-owned Veldzicht Cheese Farm, and on a Seine 5-star river cruise you'll meet with a local Calvados producer during a brandy tasting afternoon.

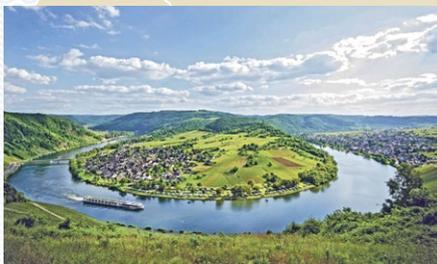

5. Grow from within - value diversity

At Scenic, we value diversity, and we currently employ over 50 nationalities from across the globe. It is a strength to have different perspectives and believe it helps us find the best solutions and services for our guests. We treat all crew and all employees equally, independent of gender, sexual orientation, age, race or religion.

6. Advocate health, safety & security

At Scenic, we have created an engaging workplace that supports the wellbeing of our staff, prioritising health and safety. We also want every member of staff to be fully immersed in the ethos at the heart of Cherish the Planet. To ensure this, Scenic staff will complete extensive training, that supports their wellbeing, and will ensure health and safety is prioritised.

Explore the historic and enchanting waterways of Europe in truly all-inclusive luxury with your expert and experienced Scenic team.

The Mekong: Seasonality Guide

The Mekong is more than a water-highway; it's a unique pathway made by nature.

A Mekong river cruise on Scenic Spirit offers a luxurious floating window into another world that is exciting year-round. Each season presents its own advantages. The tropical climate of Cambodia and south Vietnam means temperatures are warm year-round, which makes river cruising on Scenic Spirit even more appealing if you wish to have a nice cool spot to unwind in after a day onshore.

November to April

This is a popular time for river cruising on the Mekong. The weather is milder, humidity lower and temperatures cooler (however, still generally above 30 degrees Celsius). Water levels are generally lower but this is only a concern around Tonlé Sap in Cambodia meaning stilt villages may not have deep water around them.

Scenic offers 7-nights from November to April.

May to October

These are the wetter and warmer months when the countryside transforms into a lush green wonderland (hence it is commonly known as the 'green season'). The landscape is at its most vibrant and fresh from the intermittent monsoons with green fields of rice. Water levels are higher and there are generally fewer travellers at this time. Rainfall is generally marked by short, intense afternoon showers that last less than an hour. In between these showers, the sun comes out allowing for normal touring opportunities. Once back on board, the blissfully cool Scenic Spirit is your sanctuary to relax and rest your tired feet.

Scenic offers 7 and 9-night river cruises on the Mekong from May to October.

No matter which season you choose to cruise the Mekong in, Scenic Spirit will be your 5-star floating oasis from which to base yourself.

Truly all-inclusive... and exclusive
Scenic Enrich

It's more than special events. It's enriching experiences exclusive to Scenic. Elevate your cultural discoveries to the realms of ancient kingdoms, sacred practices, fable and folklore. Reserved for Scenic guests, these sensory encounters take you to the heart of South East Asia.

Under the glow of candlelight and an illuminated temple, Scenic guests are transported to ancient times. The mystical themed Gala Dinner at Prasat Kravan, a small 10th century temple in the city of Angkor, the former capital of the Khmer empire in the early 12th century, includes a three-course meal of traditional Khmer cuisine with free-flowing drinks and a magical performance with Apsara dancers.

The temples of Angkor can be explored in a number of ways, but this exclusive, once-in-a-lifetime event for just 68 Scenic guests, is a memory you'll likely treasure forever.

“Truly spectacular night at Kravan Temple in Siem Reap... only for guests of Scenic. Memory of a lifetime.”
Robert, USA, Scenic Guest

Phnom Penh by City Lights

Receive a blessing from a monk

A monk blessing is a tradition that dates back hundreds of years in Cambodia. Scenic guests will receive a blessing from a monk at a Buddhist pagoda in Cambodia as part of a special Scenic Enrich experience. The small and calming ceremony aims to protect you. There's also an alms ceremony included, which contributes to the daily meal of the resident monks.

Support an NGO at sunrise

Watching the sun rise over magnificent Angkor Wat is a once-in-a-lifetime experience most travellers to Cambodia enjoy. Scenic takes this one step further however, as guests marvel at this wonder before heading to an exclusive location for a champagne breakfast with baked delights prepared by students at a local NGO supported bakery school.
