GRAND POLE TO POLE EXPEDITION 2024

Sail across the world "the other way" on this expedition featuring polar opposites in geography, climate and cultures. You'll get to know some of the most remote communities and wildlife in the world, as you begin with an extensive exploration of Antarctica and South Georgia, and then sail up the East coast of South America. You'll visit the Arquipélago dos Bijagós and Barra Grande, Brazil, both new destinations for Silversea. You'll also sail under London's iconic Tower Bridge, visit remote parts of the British Isles accessible only by Zodiac, and, to top it all off, enjoy an in-depth exploration of Iceland and Svalbard.
