Dear Traveler,

I hope this letter finds you well and in good spirits—and that your 2022 is off to a positive start. At Viking, we are celebrating our 25th anniversary and a year that is shaping up to be our biggest yet.

When we founded this company with four river vessels in 1997, we had a vision that travel could be more destination focused and culturally immersive. We wanted to offer experiences designed for the thinking person—for curious travelers. Our mission at the time is the same as it is today: “Exploring the world in comfort.”

In the following pages, you will find more information about the Viking experience—as well as a sampling of our river voyages for 2022, 2023 and beyond.

From our quintessential itineraries through Austria, France, Germany, Hungary, Switzerland and The Netherlands—to more intimate journeys on the Douro and Elbe Rivers—there are many choices to explore the waterways of Europe. And closer to home, we are delighted to showcase our highly anticipated journeys on the Mississippi River, which will begin in 2022 along with the arrival of *Viking Mississippi*.

In addition to immersive itineraries planned around the world, we will also launch new purpose-built vessels in Egypt and Southeast Asia this year. Additionally, we have recently welcomed new Viking Longships to our river fleet—including four vessels for the Seine River that dock at Viking’s exclusive docking location in the center of Paris, just a short walk from the Eiffel Tower.

Regardless of what destination piques your curiosity, make the commitment to go while limited space is still available. With the Viking Health & Safety Program in place, you can explore the world in comfort—and with great confidence.

Thank you for your interest in Viking; we look forward to welcoming you on board.

Message *from our* Chairman

Viking Chairman Torstein Hagen introduces the new Viking Health & Safety Program and discusses the research that has informed the basis for our protocol enhancements.

VIKING HEALTH & SAFETY PROGRAM

Explore in comfort and with confidence

AS THE LEADING SMALL SHIP TRAVEL COMPANY, our Switzerland-registered river vessels host just 190 or fewer guests; our fleet of Norwegian-registered all-veranda ocean ships and all-Nordic Balcony expedition ships host only 930 guests and 378 guests, respectively. For more than 24 years, we have always had high standards for health and cleanliness—and our new protocol enhancements make Viking even safer. Developed in coordination with an international team of scientific and medical advisors, the Viking Health & Safety Program is one of the most well-researched and comprehensive COVID-19 prevention and mitigation plans in the travel industry.

- **WITH VACCINATIONS REQUIRED**— including booster, if eligible—and a minimum age of 18 to travel, Viking is one of the only *true* fully vaccinated travel companies
- **FREQUENT QUICK & EASY NON-INVASIVE PCR TESTS** for all Viking guests and crew, processed in full-scale Viking-dedicated laboratories—an industry first
- **NEW AIR PURIFICATION TECHNOLOGY** installed on all Viking ships. Enjoy fresh air in your stateroom, knowing that all staterooms on Viking ocean, river and expedition ships feature independent air handling units that do not share air with other areas of the ship
- **REDESIGNED LAND PROGRAMS**, including training for all local partners, will meet or exceed local guidelines while Viking guests are ashore

LABORATORY-PROCESSED PCR TESTS

FREQUENT PCR TESTING & DEDICATED LABORATORIES

Quick and easy non-invasive saliva PCR tests for all guests and crew are conducted as part of the embarkation process and up to daily throughout the cruise itinerary. Viking uses high-quality, high-sensitivity laboratory-processed PCR tests and has partnered with Medicover, a leading international Healthcare and Diagnostic Services company, to equip its ocean and expedition ships with the world’s first full-scale PCR laboratories at sea. As part of this partnership, a strong network of dedicated shoreside labs in Europe will bring the same testing regime to Viking river ships. At the end of your itinerary, Viking also provides you with the negative PCR test result needed for your return flight home.

**VICE ADMIRAL RAQUEL C. BONO, M.D.,
VIKING CHIEF HEALTH OFFICER**

EXPERT HEALTH PARTNERS

Grounded in proprietary epidemiological research, the Viking Health & Safety Program was developed in partnership with an international team of scientific and medical advisors, including Raquel C. Bono, M.D., Viking’s Chief Health Officer. Dr. Bono is a board-certified trauma surgeon and retired Vice Admiral of the United States Navy Medical Corps—and most recently led Washington State’s medical and healthcare systems response to the COVID-19 pandemic.

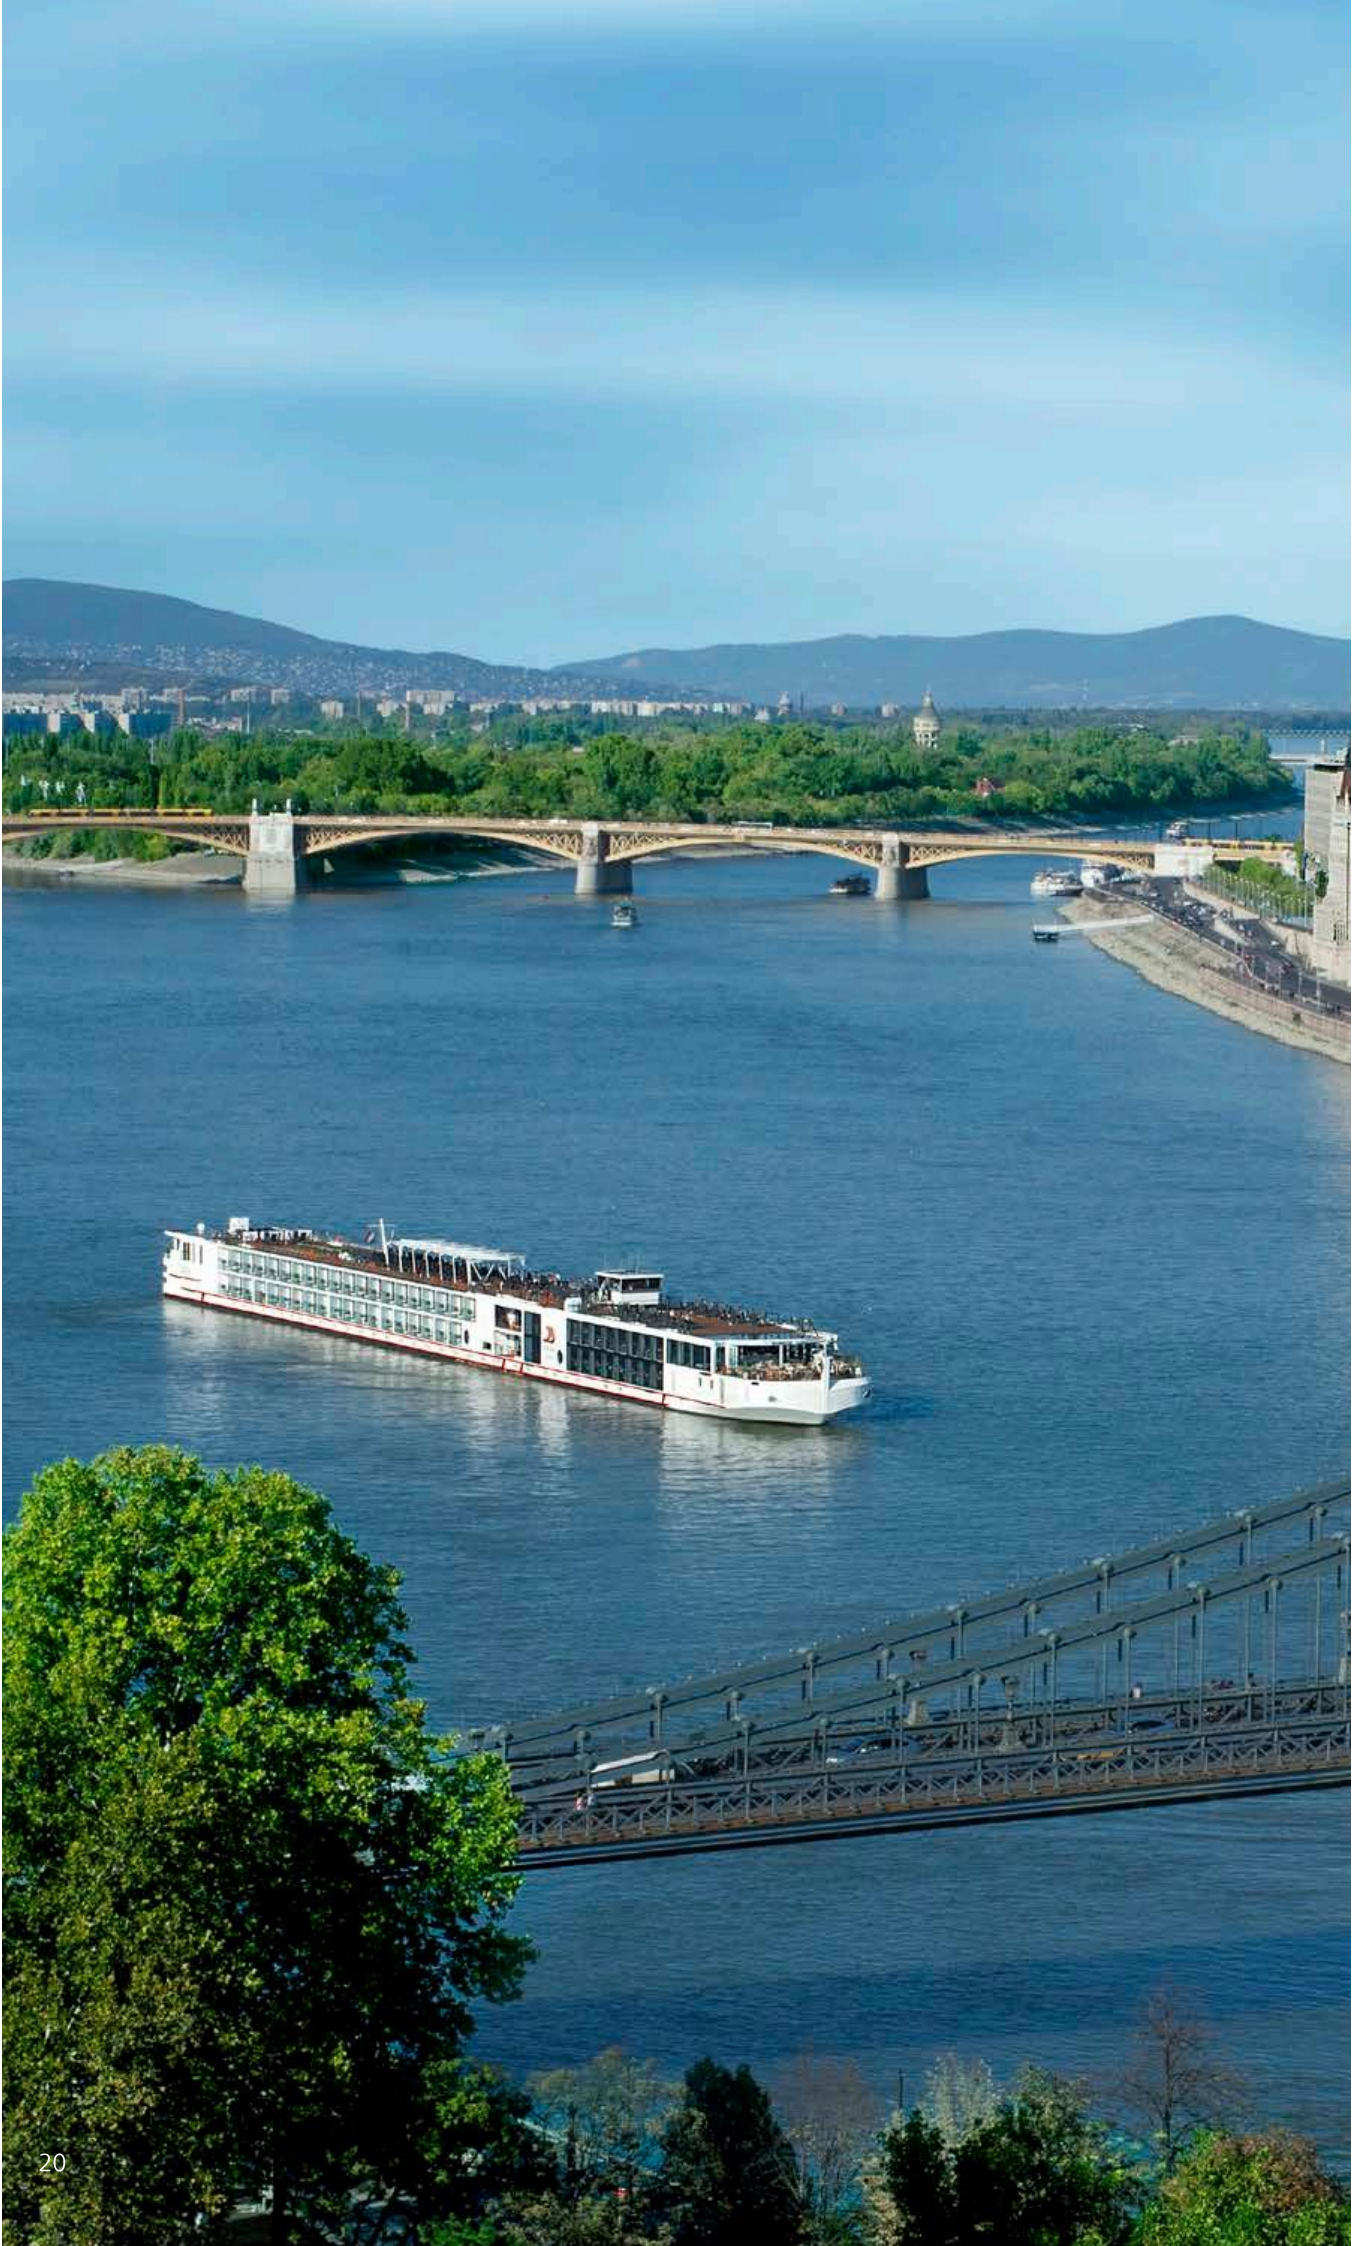

NEW PROTOCOL ENHANCEMENTS

WHAT TO EXPECT? AN EVEN SAFER VOYAGE

From at-home preparation and health checks to enhanced medical services and redesigned land programs, the Viking Health & Safety Program addresses all points of your journey. With vaccinations required, combined with frequent non-invasive saliva PCR testing and the structural advantages of our small ships, we believe there is no safer way to explore the world than on a Viking journey.

VIKING MISSISSIPPI

Innovative, light-filled space where comfort meets discovery

WE DESIGNED VIKING MISSISSIPPI from the inside out with your comfort in mind. Starting with our signature Scandinavian style of clean lines, neutral tones and natural materials, even the smallest details take their inspiration from the exploratory spirit of the original Vikings. Purpose-built for the Mississippi River, the ship's interior décor also pays tribute to American history and culture with subtle elements throughout.

OPEN AND SERENE SPACES greet you throughout. Public areas will be familiar to our river and ocean cruise guests but have been reimagined for Mississippi River voyages, from the comfortable and welcoming Living Room to the quiet corner of The Library. The sun-filled, two-story Explorers' Lounge has floor-to-ceiling windows that open to The Bow, a unique outdoor seating area at the front of the ship.

INSPIRED BY RELAXED EVENINGS ON THE PORCH, the Aquavit Terrace is based on Southern living and the great outdoors. Here, you can celebrate casual time with friends while taking in sweeping views of America's heartland. Plus, cool off in the Infinity Plunge Pool and enjoy the unobstructed 270° views. The River Café, a revolutionary indoor/outdoor casual dining venue, allows you to view passing landscapes while enjoying breakfast, lunch and dinner in a bright and airy space.
