

SUMMER 2025

Inspiring Cruises

ARCTIC AND AMERICAN FAR NORTH • NORTHERN EUROPE AND ATLANTIC
MEDITERRANEAN • ASIA • OCEANIA AND POLYNESIA

Summer around the world

Journey around the world with friends and family, or take in legendary sights on your own. Join up with crew members you've met on previous voyages, or, if it's your first PONANT adventure, immerse yourself in the magical world of intimate, five-star ships. Fall in love with unfamiliar destinations or gain a new perspective on places you've already been. At PONANT, we offer a departure to match every desire.

In summer 2025, we invite you to explore PONANT's iconic itineraries – visiting Iceland or Spitsbergen; sailing the Norwegian fjords or the Baltic Sea; island hopping in Greece, Croatia, or Japan. You may also wish to join us on a true adventure of a lifetime: reaching the top of the world at 90° North aboard *Le Commandant Charcot*, meeting the friendly Inuit communities of Greenland, or witnessing the final moments of winter on the St Lawrence River. Or perhaps *Le Ponant*, our iconic sailing yacht, calls to you; the first vessel in the world to be awarded the Relais & Châteaux label, she offers a new level of luxury as you cross the Mediterranean's shockingly blue waters.

The refined lifestyle across our fleet is combined with expertise, made possible by the support of the excellent crew on board, the PONANT teams on shore, and our renowned partners and guests. This season, they include: Smithsonian Journeys, Marseille Jazz Five Continents, and the Opéra national de Paris and its *Étoiles*, as well as illustrious chefs, including the Ducasse Paris in Japan team, Pierre Hermé, Amaury Bouhours from Le Meurice in Paris, and three-star Michelin chef Christian Le Squer. An inspiring way to travel the world.

See you on board soon,

10 REASONS

to sail with PONANT

Exclusive journeys

Our experts have been exploring the world in search of natural and cultural wonders for 35 years. Each PONANT itinerary is designed to give you the opportunity to observe a wealth of wildlife or extraordinary landscapes, and to discover local cultures. All with the support of passionate experts: your expedition team or our partners and guests.

Travelling is an art

Each season, we design meaningful trips inspired by four themes: Planet, Culture, Lifestyle, and Geopolitics. In order to offer you unique experiences, we rely on the expertise of our renowned partners, who are represented on board by inspiring personalities: artists, historians, curators, researchers, journalists, essayists and others.

Working towards more sustainable tourism

By way of our Foundation and our PONANT Blue Horizon and PONANT Science programmes, we are striving to reduce our impact on terrestrial and marine environments (hybrid propulsion, recycling and waste and water treatment, elimination of single-use plastics, etc.) and to contribute to international scientific research (hosting scientists on board *Le Commandant Charcot*). Sustainable development plays an integral role in the way we design our ships and plan our voyages, but it also shapes the knowledge we share with our guests, who are the ambassadors of each region we visit.

Conscious travels

In the Arctic and the Antarctic, we are members of IAATO and AECO: regulatory organisations that bring together different stakeholders in the polar regions to promote more responsible tourism. We have also made commitments at an international level, and are proud to be part of the UN programme to ban single-use plastics. We have earned numerous labels as a result of our actions, and our entire fleet has been awarded *CleanShip* certification by Bureau Veritas.

Check out all our actions on our website: <https://en.ponant.com/more-sustainable-tourism>

A modern fleet

We are one of only a few cruise companies to sail under the French flag, which represents the highest level of safety. We respect strict specifications regarding crew training, health and safety protocols, and regular checks on our vessels. Designed on a more intimate scale, with just 16 to 165 staterooms, our ships are equipped with the most advanced technology for safe and responsible sailing.

Lifestyle

On board, enjoy the comfort and sleek design of the common areas. Spas offering expert treatments in collaboration with renowned brands (Clarins, Biologique Recherche, Sothys, Algorithem), hairdressing salons, wellness areas with fitness rooms, restaurants and bars welcome you into a warm ambiance. The theatre is the place to be for film screenings, lectures and performances. All our ships are equipped with outdoor swimming pools (except *Le Ponant*).

On the PONANT table

Every day, delightful surprises await with a refined selection of dishes created with Ducasse Conseil.

On the menu, you will find delicious breakfasts, à la carte dishes and diverse buffets, home-made pastries, bread prepared and baked on board, and a range of afternoon teas and luxury product tastings (pata negra, caviar, gravlax salmon, etc.).

On board *Le Commandant Charcot*, the options are evolving thanks to *Nuna*, the only Alain Ducasse gastronomic restaurant at sea, with a menu created by the Michelin-starred chef.

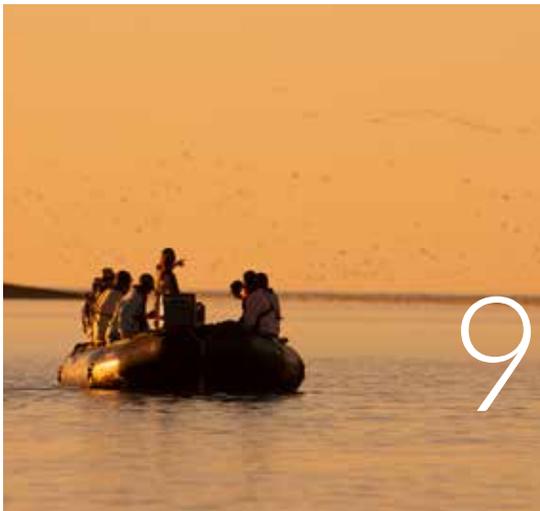

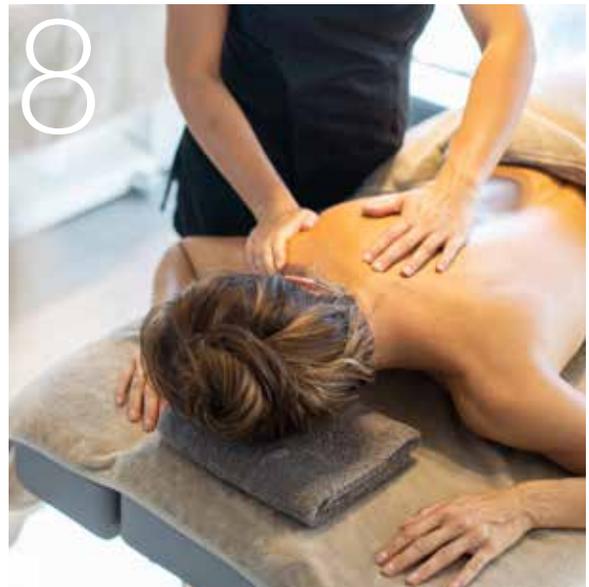

A complete package

On our cruises, everything is included: full board; drinks (excluding the premium menu); room service; internet access; entertainment and conferences; access to the fitness area, hammam and sauna; and water activities (except diving).

New: one excursion per person and per stopover is now included on all our cruises (except *Paul Gauguin* cruises).

For expedition cruises, help from our naturalist guides, excursions, outings and zodiac landings are included. In the polar regions, on the vast majority of departures, we also offer you a parka and/or boots for hire.

Tailor-made journeys

With our 'à la carte' service, you can book private excursions, hotel nights or flights with the help of our experienced advisors or travel agency. For certain hard-to-reach destinations, we offer private flights and land transportation to ensure your safe and serene arrival at the port of embarkation.

Finally, download the PONANT application, and let us guide you during the preparation of your trip, then throughout your time on board.

Numerous benefits

Solo travellers, family and friends, adventurers embarking on back-to-back cruises, people travelling as part of the referral program: there are plenty of benefits for every guest. From your second cruise onwards, join our loyalty program, the PONANT Yacht Club, and enjoy special attention, exclusive services and preview information.

Discover all our available offers:

New: your included excursions

Benefit from one excursion included per person and per port of call on all PONANT cruises.

Culture, nature, relaxation: our experts have selected the best experiences that allow you to explore your destination. We offer you a selection of our favourites through the pages of this brochure.

Excluding cruises on board Le Paul Gauguin. Pre-book your excursions (subject to availability) as early as two months before the start of your cruise and up to seven days before boarding with your PONANT advisors.

There is also a selection of optional excursions.

They are accompanied by a price guide:

€ = less than €50, €€ = from €50 to 100, €€€ = from €100 to 150, €€€€ = more than €150

From destination to destination, find at a glance the cruises you've been dreaming of.

ARCTIC AND AMERICAN FAR NORTH

Through the eyes of Vadim Heuacker

Special encounters in the 'Land of Men'

PONANT polar region ecologist, guide and expedition leader, Vadim Heuacker, tells us about Greenland through the dynamic of encounters: chance encounters with species as majestic as they are touching, invigorating encounters with warm-hearted communities, and astonishing encounters with landscapes that remain etched in the heart.

#IN THE FOOTSTEPS OF THE BEAR

"As soon as they can, polar bears move onto the pack ice. We follow the coastlines aboard the Sisterships, and with a bit of luck, we may spot some on the ice fronts. It is a hunted species in Greenland, so when you are close to human communities, it becomes very difficult to observe bears – in fact, it is never guaranteed. Le Commandant Charcot increases the chances of spotting them, as it can sail closer to the pack ice, particularly along the east coast, early in the season."

#BOWHEAD WHALE

"The Greenland whale is linked to pack ice. It feeds on the copepods – small invertebrates – that breed there, and the waters of the Baffin Sea are rich in them, making it an ideal observation spot, all the way to the Thule region. As it has no dorsal fin, it is not constrained by pack ice, which it can break in places to create its breathing holes. I'm always delighted to see bears, but seeing a bowhead whale is just about a rarer and more intense experience."

#FOCUS ON ICEBERGS

"As far as sites go, I have a preference for Savissivik, in north-west Greenland. We offer a zodiac trip through the heart of a splendid 'iceberg graveyard' that makes you feel insignificant. Eqi, north of Ilulissat, is perfect for grasping the dynamics of a glacier, as it is very active. It's always impressive to hear a glacier calving. Seeing this process in action is a spectacular moment for guests."

#INUIT COMMUNITIES

"PONANT has a special relationship with the communities on the west coast, particularly the village of Kullorsuaq, which we have been visiting for at least 10 years. Guests really do feel welcome here, and in return the villagers spend the end of the day on the ship. I particularly remember a lovely scene last summer. Most Greenlandic children do not know how to swim, not least because of the temperature of the water. On board, we gave them access to the swimming pool and, while around 15 children got into the water, one of our guests taught them how to swim. It's moments like these that make an encounter a success."

5 EXPERIENCES

that only *Le Commandant Charcot*
can offer in the Arctic
and American Far North

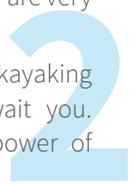

1 REACHING THE INACCESSIBLE

The only passenger ship in the world with a **Polar 2 (PC2) classified hull**, *Le Commandant Charcot* can sail through multiyear ice all year long. At the end of a winter spent crisscrossing the shores of the Far North, she will take you from the Gulf of the St Lawrence river to the **icy Greenland coasts**, still inaccessible to traditional ships, before embarking on a trans-Arctic crossing at the end of the summer, in search of the geographic and magnetic North Poles.

EXPERTS AND IMMERSION

Accompanying you on your journey, around 20 **naturalist guides** are on hand to unravel polar history, reliefs, wildlife and flora. As for the officers, you can rest assured that they are very experienced at navigating in the ice.

Dog sledding, snowshoeing, ice fishing, snow biking, kayaking in icy waters and meeting local communities await you. Experience a **deep unique connection** with the power of nature in the Arctic.

INSIDE/OUTSIDE: THE INVISIBLE FRONTIER

On board, staterooms and communal areas offer cosy cocoon while being **wide open to the grandiose scenery** and extreme environments that surround you. The Blue Lagoon, an open-air lagoon heated using recovered energy; indoor swimming pool; snow cabin; detox bar within the spa; Cigar Lounge: *Le Commandant Charcot* features **unique spaces** that set her apart from the rest of our fleet.

THE ONLY DUCASSE RESTAURANT AT SEA

Nuna ('Earth' in Greenlandic) features a menu dreamt up by the Michelin-starred chef Alain Ducasse himself, as well as presenting some of his **signature dishes**. Delicate flavours are combined with refined tableware to achieve an **exemplary level of excellence** in such isolated surroundings.

MORE ECO-FRIENDLY SAILINGS

CleanShip certified by Bureau Veritas – like the rest of the PONANT fleet – *Le Commandant Charcot* utilises **the most advanced technologies** in order to reduce her impact on the places she visits. The hybrid electric/liquefied natural gas engine enables it to considerably reduce its emissions: -25% CO₂ emissions, -85% nitrogen oxides, and -95% fine particles.

With **two laboratories** equipped with state-of-the-art facilities, the ship hosts researchers from renowned institutes on every voyage.

Enjoy an immersive digital experience, discovering the world of *Le Commandant Charcot*.

NORTHERN EUROPE AND ATLANTIC

Multiple identities, islands, fjords and archipelagos

Discover the riches of the archipelagos and winding landscapes of the Atlantic and Northern Europe from the coastline. Every plot of land hides a touch of poetry, ancestral crafts, legends, songs and age-old arts that have helped shape their most precious asset, their identity.

"And already no power can abolish the poem"

Born in Funchal in 1930, Herberto Helder is one of the most important and influential contemporary poets in Portuguese literature. He is hailed for his experimental style centred on the senses, exploring powerful themes such as existence, love and nature, to be read and felt, in the collection *The Continuous Poem*.

Madeira

Canary Islands

From Nature to Art

Lanzarote-born artist and architect César Manrique has devoted his life to fusing art and nature, integrating his works with the environment to preserve an ecological balance and promote more sustainable tourism. It was with this in mind that he created Jameos del Agua, an arts and culture centre nestled inside a volcanic tunnel on his native island.

The enchanting voice of the Faroe Islands

Eivør Pálsdóttir, the soprano singer-songwriter and emblematic artist of the Faroe Islands, draws her inspiration from Nordic legends and the wildness of her archipelago. She sings mainly in Faroese, and pays tribute to this land of a thousand riches, making it part of the region's contemporary history.

Shetland and the sound of the *fiddle*

Aly Bain is a musician, passionate fiddler and lover of the Shetland islands where he grew up, and committed to promoting traditional music, with folk and Celtic sounds. He is a master of the fiddle, the common violin.

The mysteries of the *Selkies* in Orkney

In the Orkney archipelago, the legend of the Selkies has created fascination since the dawn of time. These half-female, half-seal creatures can metamorphose at will. They can lead a life among humans, but always remain attached to the sea and their roots; they represent the duality and fascination between the terrestrial and marine worlds.

'Handwoven' in the Hebrides

You could almost say that each of the 70 islands that make up the Hebrides archipelago has its own folklore and know-how. On the Isle of Harris, tweed is the pride of the region, a rare, quality fabric made from 100% local wool by just a hundred weavers in their homes. A controlled and protected craft, to last the test of time.

Poetry of the fjords

Capturing the essence, the beauty and the majesty of the Norwegian fjords... This is what poet Olav H. Hauge has achieved in his verses, reflecting his deep connection with nature. Through his work, he has transformed these craggy and watery landscapes into poetry, which can be discovered in particular in the collection *The Dream We Carry* published by Copper Canyon Press.

Gotland, Pippi Longstocking's playground

In Swedish, she's known as Pippi Långstrump, a little girl with red plaited hair, extraordinarily independent, very rebellious and imaginative. Created by author Astrid Lindgren, the heroine embarks on her adventures on the island of Gotland.

The birth of the Bornholm painters

In the 1900s, Bornholm, in Denmark, saw many artists settle in its charming ports, fascinated by the picturesque landscapes of the island and its changing light, capturing the mildness of the microclimate that dominated the region. Those who formed the Bornholm School of Painters, including Olaf Rude, produced eclectic works that have enriched Danish heritage.

ASIA

Through the eyes of Christel Hancy

A taste of Japan

In the company of renowned chefs, guests on our three gastronomic cruises in Japan will take part in immersive culinary experiences designed by Christel Hancy, Director of Themes and Partnerships, and her team and partners.

"Our guests have expressed a desire to discover Japan through its fascinating gastronomy. We have listened to them. While Japan's duality of constantly oscillating between tradition and modernity is particularly attractive, its tastes and aesthetics are also highly appreciated. That's part of what motivates top chefs to join us on board.

A range of gourmet experiences awaits epicurean travellers during our three gastronomic cruises, for example, alongside the Ducasse Paris team in Japan. Alain Ducasse has had a special relationship with this part of the world for over 40 years, opening five restaurants here. As well as the Chef from his restaurant, Muni Kyoto, our guests will meet Chef Shinichiro Takagi from the Zeniya restaurant in Kanazawa, and a Japanese

master of ceremonies. It is a unique experience that totally captivates head and heart!

With Cuisine et Vins de France, we discover how multi-starred chef Christian Le Squer, who shares the Japanese passion for the aesthetics of dishes, will accentuate local produce in his own way. We will also be inviting Swiss-based Japanese chef Mitsuru Tsukada, who will bridge the gap between Japanese and Western cultures.

Whether it's a Franco-Japanese dinner prepared by two chefs, a cooking demonstration where the recipe is handed to participants, or a meeting with local producers, each event is designed to offer guests a thorough exploration of local culinary traditions. Promoting a shared experience, while leaving room for surprise and the unexpected."

Immediate embarkation with PONANT to the **Land of the Rising Sun**, between wild landscapes, paradise-like islands, centuries-old temples, futuristic skyscrapers and age-old customs.

A crossroads of biodiversity

Considered the epicentre of the 'Coral Triangle', **Triton Bay** in West Papua is home to the greatest marine biodiversity in the world. Throughout the year, green turtles, rorquals and whale sharks come here to breed, while countless species of fish flourish in the heart of its magnificent coral reefs.

Itinerary: Tropical Indonesian odyssey, p. 83.

*Kanpai!**

Made from fermented rice, **sake** is traditionally kept in cedar wood barrels and shared during ceremonies by smashing the lid with a hammer.

The immense variety of its vintages makes it a perfect accompaniment to many dishes, starting with raw fish, whose flavour it enhances admirably.

Japanese jungle

90% covered in jungle and mangroves, the **subtropical island of Iriomote** is the ideal destination for lovers of unspoilt nature. Listed as a UNESCO World Heritage site, it is home to many endemic species, including the **Iriomote cat**, one of the country's last wild felines, and the crested serpent eagle, a bird of prey that can be recognised by the sharpness of its calls.

Itinerary: Odyssey in the heart of Japan's subtropical islands, p. 82.

Tea time in Busan

More accessible than its Japanese version, the **Korean tea ceremony** invites you to refocus your mind on the present moment. Each sense is called upon: taste, but also smell, to appreciate the scent left by the tea in the empty cup, and sight to observe the colour. A word to the wise: only fill your cup to around 70% capacity – the rest is filled with your soul!

Enhance your cruise

Kyoto and Nara, imperial heritage

As a prelude or extension to your cruise from Osaka, the former imperial capitals await you for an immersion in traditional Japan, with an introduction to meditation and the tea ceremony. Wonder at the splendour of the temples you visit, such as Kinkaku-ji, covered in gold leaf and a UNESCO World Heritage site, or Tōdai-ji, home to Japan's largest Buddha.

4 nights

Kyūshū, island of peaceful modernity

Before or after your cruise, complete your journey with a trip to Kagoshima. This ancient feudal city is notable as the home of Takamori Saigō, the 'last samurai'. It is also known as the 'Naples of the East' because of its proximity to the active volcano Sakurajima. You will visit Mount Aso, the largest volcano in Japan; Kumamoto Castle, considered one of the three most beautiful in the country; and Beppu Hells, a spectacular natural hot spring.

4 nights

You can find the complete list of our programmes and the corresponding prices about 12 months before departure on our website or from our travel consultants. Pre- and post-cruise programmes must be booked prior to departure.

On expedition cruises, zodiac trips and landings are included.

An aerial photograph of a tropical island. The majority of the frame is filled with a dense, vibrant green forest. In the upper left corner, a small, clear turquoise lagoon is visible, bordered by dark rocks. To the right of the forest, there is a bright, sunlit grassy clearing with a few palm trees. The overall scene is bright and lush, suggesting a healthy, natural environment.

OCEANIA AND POLYNESIA

Through the eyes of V́ctor Montalvo Mart́n

Indonesian magic wherever you look

In a land of exciting contrasts, the wild and unspoilt Indonesia still exists. We invite you to explore the richness of its ecosystems from the water with V́ctor Montalvo Mart́n, a passionate naturalist guide specialising in zoology.

"Indonesia is an inspiring destination, a place of exploration, of extraordinary expeditions", this is how naturalist guide V́ctor Montalvo Mart́n introduces the world's largest archipelago. The country has more than 18,000 islands, and at least as many natural treasures. "In the same day, you can go snorkelling in a coral ecosystem that's still very much preserved and also pass through dense rainforests", he continues.

These volcanic islands, enveloped by both the Indian and Pacific oceans and covered by a thick green mantle, reveal lagoons of incredible hues and wild, immaculate beaches, just like those found in Raja Ampat and the Moluccas. They are also home to an incredible wealth of wildlife, abounding with contrasts. *"When you're in the western part*

of the country, you can see elephants, monkeys and other animals typical of the Asian continent. When you go over to the eastern side, closer to Papua New Guinea and Australia, you can see kangaroos and wallabies", the naturalist guide tells us. How can this be explained? Between Bali and Lombok lies the Wallace Line, a clear biogeographical boundary delimiting two ecological zones. This frontier was confirmed by Alfred Wallace in 1854, just as Charles Darwin was developing his theory of evolution.

"This rupture corresponds almost perfectly to the geological formation of continents, plate tectonics, when Asia travelled southwards and Australia deviated northwards. This has led to a significant advance in our understanding of island communities," concludes V́ctor Montalvo Mart́n.

Bora Bora, combining peak and lagoon

In the heart of the volcanic island of Bora Bora, combining motus and lagoon, the majestic **Mount Otemanu** tops out at 727 m. According to the ancients, its name comes from 'te ote a te manu' meaning 'peak that sucks in living things'. Legend has it that once upon a time, a caterpillar lived in the cave behind the mountain and soaked up all the good things it could get its hands on.

Itineraries p. 91 to 93.

The saltwater crocodile

Mainly found in the tropical regions of northern Australia, the saltwater crocodile is the **largest living reptile in the world** and a formidable predator. Unlike other reptiles, which abandon their eggs after they have been laid, it exhibits attentive parental

behaviour. The mother incubates and protects the eggs. Once hatched, she often carries the newborns to the water and keeps them nearby for several months, away from potential predators.

Itinerary: Australia's iconic Kimberley, p. 89.

Aboriginal rock art

Discover Aboriginal rock art with Mick Fogg, photographer and Director of PONANT expeditions for the Asia-Pacific region.

Itineraries p. 89.

Raja Ampat, an enchanted stopover

There are no fewer than 1,411 islands that make up the Raja Ampat archipelago, located in the heart of the 'Coral Triangle'. The **world's largest marine sanctuary** is popular with divers for its exceptional seascapes, and is home to 1,500 species of fish and hundreds of corals.

This tropical labyrinth is also home to **birds of paradise**, with their dazzling plumage. These mostly uninhabited islands feel like the Garden of Eden.

Itinerary: Raja Ampat and the Spice Islands, p. 88.

Aitutaki, the Polynesian pearl

Welcome to the Cook Islands, on the island of Aitutaki, a small paradise of 16 km² renowned for the cultivation of black pearls in its crystal-clear lagoons. The archipelago is also known for its magnificent handicrafts, the *tivaevae*, made by women and comprised of pieces of fabric with colourful embroidered designs.

OCEAN VOYAGES

Lovers of the sea, dreamers, meditative travellers, attentive observers of endless horizons... Step on board our Ocean Voyages, our non-stop crossings, for unique experiences. Share the life of the crew while still enjoying the five-star comfort and facilities of our latest generation of yachts. As the days go by, and according to the ship,

make the most of the charm and the quiet offered by these exceptional crossings. On board you can choose to relax around the pool with the sky as your backdrop or keep fit in the fitness centre and hammam. The library will welcome you for a spot of reading, whilst the bar offers you a convivial place where the softly lit atmosphere will not fail to delight you.

A guest writes

"I made my first solo ocean voyage. I wanted to learn more about the day-to-day lives of the crew with whom I shared some wonderful experiences, and to understand what a long non-stop crossing represents. On board, I met up with a barmaid I'd met on a previous cruise, who created and poured me some wonderful cocktails. I spent a long time in the library and around the pool. Between reading and introspection, I was the only master of my time. It was a wonderful life experience that I plan to repeat."

Le Paul Gauguin

The 165 suites and staterooms of *Le Paul Gauguin* all benefit from exterior views and are tastefully furnished and decorated.

The use of fine materials such as premium wood and tiki design elements pays homage to Polynesian culture and combines elegantly with bright colours. The atmosphere on board is suffused with its inimitable style, and permeates into the cruise guests.

Result: the ambiance is relaxed and easy going!

FOR ALL CRUISES

The information below is current but subject to change at any time without advance notice from government authorities. Please consult your respective government agencies for visa and health information.

Passport valid for at least 6 months beyond the completion of your trip. Passport must contain at least two completely clear, blank, unused visa pages for each visa required, not including any amendment pages. Visa pages with stains or ink from other pages in the passport are not usable. Guests who deviate from the scheduled embarkation or disembarkation port should research the foreign entry requirements for the port country. Due to government regulations, regrettably, PONANT will have to deny boarding to any guest who fails to obtain the appropriate travel documentation for this trip.

A copy of the visas or travel authorisations requested to the relevant authorities, or of the vaccination certificates for all destinations where they are compulsory, must be sent to PONANT at the very latest **45 days prior to your cruise** date. We also ask you to keep a copy of these documents with your passport throughout the duration of your trip.

(1) **Australia:** an Electronic Travel Authority (ETA) must be obtained before your arrival in Australia. For more information, please visit <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-finder/visit>. Carriers should be aware that there will not be any physical evidence in your passport.

Australian customs regulations are very strict, especially for the import of food items such as fresh food (even sealed), fruits, eggs, meat, plants, vegetables, seeds, grains. Fur and feathers are also forbidden. We highly recommend you consult this website for further details: <https://www.abf.gov.au/entering-and-leaving-australia/can-you-bring-it-in>.

It is recommended that you contact your health professional for any specific medical advice, including advice on Malaria prevention and dengue fever.

(2) **Papua New Guinea:** visa delivered onboard free of charge.

(3) **Indonesia:** the visa (35 USD, subject to change) can be obtained at the airport in Bali. We recommend to have the exact change as credit cards are not accepted. Depending on your flight arrival time, you might experience some waiting time.

IMPORTANT INFORMATION

To guarantee your entry into one or several countries, you must ensure that you comply with the formalities and health requirements specific to each destination. **In just a few clicks on our online search engine, find all the formalities you must complete prior to your departure** (visas, entry authorisations for each country, vaccinations, etc.): <https://en.ponant.com/formalities>

The international situation can change rapidly, so be sure to check this information regularly prior to your departure. However, please note that we always recommend our guests contact the relevant national immigration and customs and border control authorities directly to find out what rules apply to their specific situation. PONANT is not responsible for any decisions made by guests based on the information provided by the online search engine.

Visas: before departure, you are advised to check that your visa's validity period matches the duration and dates of the stay requested, or you may encounter some unpleasant consequences if there is any non-compliance with the authorised duration of stay.

Conditions for entering Polynesia: to see the latest entry and stay conditions for Tahiti and its surrounding islands regarding Covid, please check the Tahiti Tourism website: <https://tahititourisme.uk/en-gb/covid-19/>

We invite you to read our **boarding conditions and passenger travel abilities:** <https://l.ponant.com/ErQG>. Any new reservation implies the acceptance of these conditions.

List of items prohibited on board: find the full list here: https://l.ponant.com/CGV_EN. Should you have one of these products or objects in your possession, they will be confiscated immediately and will not be transported on the ship. When an item transported aboard is considered illegal, the relevant authorities will be notified systematically.

Health: if you are undergoing medical treatment, do not forget your prescription. You are advised to contact a healthcare professional well in advance of your departure for any medical advice about your trip.

POLAR EXPEDITION CRUISES

Complimentary polar parka: for all cruises marked with the logo 'Parka Gift', a PONANT polar water-resistant parka is offered (adult sizes only; in case of consecutive cruises, only one parka per person).

Complimentary boots hire: boot rental will be offered onboard (for adults only) on expedition cruises where the logo 'Boots on loan' appears.

Ports of call, visited sites, outings and landings will depend on weather conditions, position of ice, winds and the state of the sea. These can force a change of plans at any time. The Captain and the Expedition Leader may at any time cancel or stop any activity, or even modify the itinerary. The final itinerary will be confirmed by the Captain, who will take into account the touristic quality of the sites and above all, the safety

of the guests. Their decision will be based on advice from experts and authorities.

Travelling to polar/isolated regions is an exhilarating experience in remote areas: please remember that you are **far from modern hospitals with full medical facilities**, thus evacuation is extremely expensive. Without adequate medical coverage, all expenses will have to be immediately paid with your personal funds. We urge you to subscribe to full coverage insurance, choose your insurance company very carefully, be extremely vigilant and ensure your insurance is fully comprehensive, especially if you are insured by your credit card. PONANT offers an insurance contract with extensive guarantees, please contact us for more information.

FOR CRUISES OFFERING SCUBA DIVING

Guests may take part in scuba diving activities, providing certain conditions are respected, in line with the applicable health, scientific and medical conditions in force on the day of the dive. Guests who wish to scuba dive are required to provide the onboard diving monitor with a **valid medical certificate** authorising them to scuba dive, as well as their **certification card** and their **up-to-date dive log**. Within the context of the health measures relating to Covid-19, you will also be required to complete a **health declaration**. You will be given this form when you pre-book your dive.

For yachting cruises, the minimum level required for scuba diving is 1 star CMAS or the PADI Open Water Diver (or equivalent). The certification card, the diving log book and a recent medical certificate (less than 12 months) must be presented at the beginning of the cruise to our main diving instructor.

For expedition cruises, the minimum level required for scuba diving is 2 star CMAS or the PADI Advanced Open Water Diver (or equivalent). The certification card, the diving log book and a recent medical certificate (less than 12 months) must be presented at the beginning of the cruise to our main diving instructor.

For health reasons due to Covid-19, we strongly recommend that you come on board with your own **mask and snorkel**. As an exception, you will be able to borrow them in accordance with sanitary conditions.

Discover the general and particular conditions of sale by scanning this pictogram.
